

## INFORMATION DESIGNER (80 – 100 %)

YAAY's information designer makes the complex simple and most of all beautiful again. Systematic thinking combined with a great sense for beauty and a hackers mind is how you would describe yourself? Is your left side of the brain still considering the time, budget and client expectations? Well then you know that sometimes clients need support to see what is possible and also need some critical thinking to take them out of the tunnel of conviction.

WE ARE CURRENTLY LOOKING FOR AN EXPERIENCED INFORMATION DESIGNER WHO

- is fluent in German (written and spoken)
- is motivated to work closely with content and clients
- has passion for communication and consulting
- has a habit to work structured with design documents, where others can continue working on
- is able to develop a design system with visual grammar
- is a graduate from a design school
- has already done some data and infographics design
- the job position starts earliest by April 2017

WHO IS YAAY

We are an information design agency based in Basel. YAAY's aim is to simplify, consolidate and restructure complex information with a creative, thoughtful and attractive design approach. We provide comprehensive, long-lasting and information-oriented communication solutions. We continuously explore and develop new forms of design by analyzing, structuring and contextualizing data. Through an aesthetically well-wrought design it is possible to create experiences that visualize complex information and make it tangible and holistic – either analog or digital.

HOW TO APPLY

Please send your application to [yaay@yaay.ch](mailto:yaay@yaay.ch) and attach your online portfolio of past projects in German or English. If you have a complete CV in XING or LinkedIn you don't need to make an effort to create a PDF CV. Please also send us your [medium.com](https://medium.com/)/github username or other application relevant links until 17.03.17.

If you don't have any of this? All of us have started once from scratch. Feel free to try it and maybe we can turn this position into an internship.
